Master of Science, Management: Marketing and New Product Development

Experience

Amazon – Seattle, WA

Operations Designer - Contractor

October 2019 - Present

- Working on the Ops Design team, as part of the NAFC department. Using AutoCAD to create a composite drawing for coordination with MHE vendors, architect's building shell and the Amazon Robotic team. These composites are used by construction to create ARS fulfillment centers.

Pacific Studio – Seattle, WA

Lead Technical Designer

March 2017 - October 2019

- Design and draft shop drawings for museum exhibits: projects include St. Louis Arch Museum, Morrill Hall at University of Nebraska- Lincoln, Yellowstone National Park, and the University of Washington Burke Museum. Work closely with staff from fabrication, metal, carpentry, and interactives to work on means and methods for all elements. Helped recreate company drafting standards.

Hyman Hayes Associates – Albany, NY

Architectural Intern

July 2015 - February 2017

- Designed Surgical Pain Center of the Adirondacks, LLC; renovated and redesigned areas of Albany Medical Center. Worked in all areas of design, ranging from site analysis to completing CD sets; firm marketing and team captain of award winning CANstruction team.

Phinney Design Group – Saratoga Springs, NY

Architectural Intern

February 2015 - May 2015

- Used AutoCAD and Revit to work on Schematic Design and CDs for residential projects.

EYP Architecture & Engineering – Albany, NY

Architectural Intern

June 2014 - October 2014

- Used Revit, worked on CDs and historical renovations for The Major Rehab – Compound Security Upgrade and MSGQ Fit-Out for U.S Embassy, Clay Allee compound in Berlin, Germany.

Tangram International Exhibitions Inc. – Pleasantville, NY

Intern, Shop Assistant

Summer 2012 - Summer 2013

- Worked closely with designers and builders using AutoCAD to mill parts for installations for Starwood Hotels, DC Comics, Spike TV, Nike and American Express. Lighting assistant on many projects for Nike and Starwood.

Design Build Consultants Inc. – Greenwich, CT

Architectural Intern

Summer 2011 - Summer 2012

- Designed detailed AutoCAD drawings for custom wine cellars. Field work consisted of drawing and measuring existing conditions.
